From me to you

We got essentially 3 services from Sophie - a pianist, a jazz duo and a full-scale band. We hugely enjoyed the band - the music was great and Sophie's a fantastic singer. She also did a great job of building the crowd up prior to our singing and seemed to genuinely enjoy the whole event.

The jazz set was also very good - non-intrusive but good quality background music. Very happy all round and would def recommend them.

Daryl Elfield

We were delighted with Sophie and her band. She was very helpful and very entertaining. Her music was one of the highlights of the evening. She has a great personality as well as a great voice. I wouldn't hesitate to recommend her. We have also been very pleased with the help you have given us and would also be more than happy to recommend your company.

Kind Regards
Karen Lee-Brindle

Sophie and her band were excellent - friendly, easy-going (especially when asked to sing slow 40's stuff and quick modern tracks both at the same time!!) and superb musicians.

I've already had a couple of people ask for details of the band, so you know that they went down very well. Thanks for everything.
