## Testimonials

Following a search for a quality band for our wedding we booked Groovejet.

After hearing Groovejet we believed they should be good but nothing could have prepaid us for the great evening they delivered.

The band not only learnt our "First Dance" song and performed it perfectly they also proved to be the perfect band for a great wedding party. They involved the guests in singing songs such as Mustang Sally and ensured that the dance floor was always full. Every single guest has commented on how fantastic the band was and that they made the night.

I have no hesitation in recommending Groovejet for a wedding or party evening they are amazing.

They delivered the perfect mix of well known all time classics and sing along songs through the evening. Many thanks for helping making our day so special. Mr and Mrs Charge Hampshire July 2006.

Good luck to you and Groovejet in the future. Rich
