"Just a short note to thank you for a wonderful performance at our wedding on 16 July at Wrotham Park. So many friends commented to me on how amazing the band was! Thank you for making our wedding so memorable and thank you ever so much for accommodating the Elvis performances, especially the fabulously spontaneous encore at the end of the evening. I look forward to hearing you play again."

"I just wanted to write to thank you all very much for yet another superb evening of Freespirit Entertainment at the Capgemini Supply Chain Launch Event on 20th January at Vinopolis, London Bridge.

The event was another resounding success and all of my colleagues thoroughly enjoyed having Freespirit involved in the proceedings again.

I also wanted to say a special thanks for your patience on the night, as I know the timings ended up being slightly later than planned. You were all so understanding and were very good to still play the live session for us all.

Please pass on my thanks to all of your band members for this.

I am definitely of the opinion that any party is a better party when Freespirit are involved!!!

Thanks very much and I look forward to seeing you all again soon."

"The performance that you did for us was the highlight of the event and certainly added just the ingredient needed to make the Thursday evening a rip roaring success with everyone!

The way your band were able to judge the atmosphere of the evening and play appropriate music accordingly was perfect and due to that I was extremely pleased with how many people we got up on the dance floor throughout the evening.

People came up throughout the night asking me where I found the band and saying how good they thought you were. People have also told me since the event that it was the best supply Chain Event they have ever been to and I know that Freespirit was one of the reason why the couple of days we had were so well received, as people enjoyed themselves so much when you were performing!
