"Your light hearted delivery and friendly style was extremely well received by guests and staff alike, and your close-up work at the tables had everybody baffled. The 'sawing the man in half' and the 'card on the ceiling' are still being discussed."

"I would like to thank you for a great evening of humour and artistry. The feedback I have received from customers has been superb. They cannot remember the last time that they applauded in a restaurant."

"Paul and I both enjoyed working with you. Your professionalism and flexibility with our arrangements meant that we were then able to be flexible with our clients, A.A. Insurance."

"Kate and Phil's wedding was a glorious one, you really helped make it so. Your table magic was great at ice breaking - everyone mixed so well."
