

Tier Fun Casino

Fun casinos are the perfect way to compliment any private party, wedding, function or fundraising event. They are becoming increasingly popular since the influx of casino based shows on television and the taboo of the 'casino' is changing. Nevertheless only a tiny percentage of the population actually visit a real casino but the truth is nearly everyone would like to, to at least experience it and this is the perfect way....bring the casino to them.

Rest assured people love it, they really love it.....there's just something about a roulette or blackjack table that says PLAY ME!! It can really set the mood of a party and get people in good spirits and interacting.

Tier Fun Casino strive to ensure our prices are competitive and amongst the best you will find without compromising the quality or enjoyment of what you would expect from a Fun Casino and we are sure you will not be disappointed.

All of our events include full delivery and setup of all required gaming equipment, "fun money" for use at the gaming tables by your guests, professional fully trained croupiers all having previous experience in real UK casinos, dismantle/removal of the equipment at the end of the night and a bottle of champagne for the "winner" of the night – the person who has accumulated the most chips!!

Pricing is based on a maximum 3-hour event. Extra hours are available if so required at an extra charge. A 2-table order consisting of 1 Roulette and 1 Blackjack can normally cater for most events and is the most requested.

Equipment

Roulette – A 2 piece American Roulette tabletop mounted on hardwood mahogany “H” legs. The layout measures 250cm x 125cm putting it on a par with tables in genuine casinos.

The wheel is a 50cm mahogany wheel made to a high specification in Europe and the chips are 11.5gm heavyweight chips similar to those used in genuine casinos.

Blackjack – A full size 1 metre semi-circular blackjack tabletop mounted on hardwood mahogany “H” legs. These blackjack tables are the same size as found in genuine casinos.

We use casino sized premium playing cards dealt from a clear 6-deck blackjack shoe. Again 11.5gm heavyweight chips are used to ensure everything is as near to genuine casino tables as possible. Each booking consists of 1 roulette and 1 blackjack.

Testimonials

Thank you for an amazing night on Saturday. You really did us proud. Have a great Christmas and hope we work together again.

Kelly - The Wedding Village

I just want to thank you for a brilliant evening. You and the other staff were extremely friendly and polite and everyone commented on what a wonderful idea it was to have yourselves there. I gave many people your number and my mother will also be using your services in the near future for her fundraising events.

Rachel - Isle of Dogs, London

Just wanted to say a big thankyou for making our civil partnership that bit more special. Everyone really enjoyed the casino and you all came across really friendly and professional. We'll certainly use you again at the next party!

Johnpaul & Karl - Coventry

Just a note to say thankyou for making my birthday evening go so well, everybody enjoyed themselves. I have and will continue to let everybody know how good you are and will use you again some time in the future.

Natasha - Billericay
