

# Gerry Tovell

## Toastmaster

Gerry Tovell believes it is his role to ensure that your big day runs smoothly and that the bridal party and guests are happy. He is not there simply as a Toastmaster but as a figure who will ensure that your big day goes to plan therefore allowing the wedding party to relax and enjoy the wonderful day.

He is also prepared with any words of advice and support at an emotional but happy time.

Gerry is not only available for weddings but for all functions and can enhance any event.

Events include:

- Wedding receptions of all cultures
- Corporate dinners
- Dinner dances
- Masonic ladies festivals or receptions
- Rotary club functions
- Round table functions.

With a first class diploma from the school of Essex toastmasters, Gerry is highly qualified and can bring that extra special quality to a wide variety of functions.

In addition he brings to the role a wealth of experience and skills developed through the organisation and hosting of presentations, seminars and conferences in his role as general manager of an international lighting company.

On many of these occasions Gerry has acted successfully both as a spokesperson for his employer and as an experienced industry figure.

Gerry ensures the toastmaster service he offers is personal and well informed.

By meeting his clients prior to the event he is able to discuss their requirements and get to know the individuals involved. The service has proven successful in making the wedding breakfast an occasion to be remembered for each and every day of a newly-wed couple's life together.
